Saturday, April 9

Animas High School Auditorium

1 Panther Boulevard, Animas, NM

All Members Welcome!

Registration 10:00 A.M.

Business Meeting 11:00 A.M.

Barbeque Lunch

Door Prizes ~ Door Prizes ~ Door Prizes

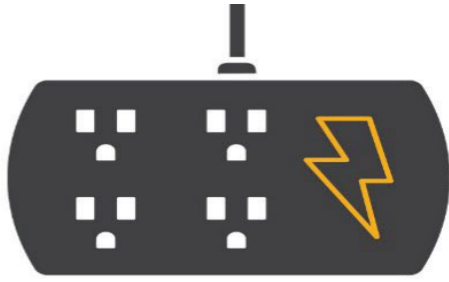

Door Prizes have been doubled this year so everyone has a better chance to walk away with a door prize. You can't win if you don't show up so be sure to join us...and don't forget to bring your jokes!

The official notice of the meeting will be mailed at a later date.

*CEC will not be providing transportation to and from Animas
due to the COVID-19 Pandemic.*

March 2022 www.columbusco-op.org Vol. 34. No. 3

This institution is an equal opportunity provider and employer.

SURGE PROTECTION

Keep your electronic equipment safe.

A power surge is typically caused by lightning, changes in electrical loads, faulty wiring or damaged power lines.

Install power strips with surge protection to protect sensitive equipment.

- Easy to use (just plug them in)
- Protect electronics plugged into the device
- Must be replaced over time or after a major surge event

REMEMBER:

Not all power strips offer surge protection. Carefully read the packaging labels when purchasing.

Board Highlights

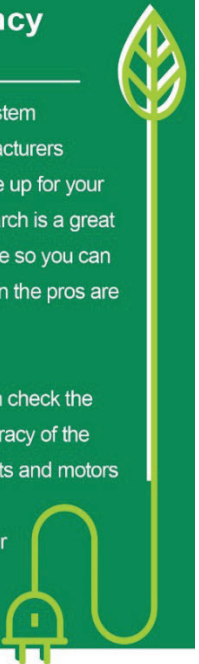

The Board of Trustees at their February meeting reviewed expenditures, financial reports, and the operations and maintenance activity for the month of January. The 2021 year-end financials were also reviewed. The Trustees approved a proposed bylaw amendment to be placed on the annual meeting agenda for consideration by the membership. A copy will be provided with the official notice of the meeting.

Energy Efficiency Tip of the Month

When was your cooling system last serviced? Most manufacturers recommend an annual tune up for your home's cooling system. March is a great time to schedule this service so you can beat the summer rush when the pros are busiest.

A qualified professional can check the amount of refrigerant, accuracy of the thermostat, condition of belts and motors and other factors that can impact the efficiency of your system.
